Hart Medical 2 Tap Hole Extended Lever Deck Mixer

Deck mounted extended elbow lever operated, low profile medical tap.

- Twin extended 6" elbow operated levers
- Fitted with quarter turn ceramic disk valves
- UK standard 1/2" BSP connections – 180mm centres
- Spout fully rotates

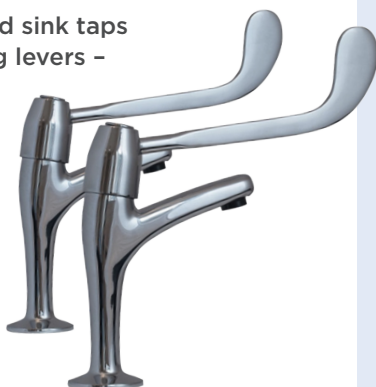

Hart Levatap Extended Lever High Neck Sink Taps

A pair of WRAS approved sink taps fitted with extended long levers – made by Hart Medical.

The taps are fitted with quarter turn valves for easy opening and closing.

- Standard 1/2" BSP tap tails
- Red & Blue indicators in the levers
- WRAS approved

Hart Shavrin Medical Levatap

A classic elbow operated two handle medical tap with full swivel spout to suit both single and double bowl sinks.

- Adjustable legs allow fitting centres from 170-230mm
- 6" levers for elbow control of the hot & cold water
- Quarter turn ceramic disk control
- 50mm long 1/2" BSP tap tails

Thermassure 'Anti-Scald' Taps

Thermassure – a unique collection of dual protection anti-scald taps, that provide safe temperature water for domestic and commercial use.

- Works like any regular tap but limits the maximum temperature to 45°C
- Closes off hot water to the tap in the event of cold water failure
- Each tap comes with WRAS approved Mediflex non taint inlet connectors & smooth flow spout aerators by Neoperl for pure, hygienic water streams
- Provides safe temperature water for bathroom handwashing, washrooms and in the kitchen
